

November 29<sup>th</sup>, 2016

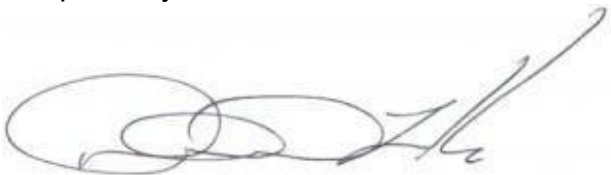

## Letter of Confirmation

To Whom It May Concern;

I hereby confirm, that the CS SOFT Airport Solution System (composed of products: Radar Data Distributor and Radar View), provided by Systems Atlanta, Inc. (SAI), the PRIME contractor, with support of CS SOFT a.s., the SUB-contractor ([www.cs-soft.cz](http://www.cs-soft.cz)), was deployed and remains fully operational at the Pittsburgh International Airport (KPIT), located in Allegheny County; Pittsburgh, Pennsylvania, United States of America.

The CS SOFT Airport Solution System was installed as part of an overall IDS-AO solution provided by Systems Atlanta, Inc. The airport operations software and hardware modernization upgrade was and continues to be managed by Mr. Nino Sapone, Vice President of Airport Operations, KPIT airport. The initial live operational date at the Pittsburgh International Airport was on May 15<sup>th</sup>, 2014.

Respectfully,

---

Darrin D. Luedke  
Vice President and Chief Operating Officer  
Systems Atlanta, Inc.
