**Subject: Reference Letter - ALS ATM System at Timna Airport**

We hereby confirm that ALS ATM System, which has been deployed at Timna Airport, developed and maintained by CS SOFT a.s.,

has been put into live operation, after successful closure of mandatory trial operation, in April 2020 and is used by Israel Airports Authority (IAA) since then.

ALS ATM System provides air traffic management system functionalities which includes, but is not limited to:

Flight Data Processing, Surveillance Data Processing, Aeronautical Data Processing, Safety Nets, Controller Working Station, Recording and Playback, Technical Monitoring and Diagnostics.

ALS ATM System has been deployed by CS SOFT as a part of ERA a.s. Multilateration project.

Sincerely,

**Pavel Tůma**

**Director PMO | ERA a.s.**

**Member of ERA Board of Directors**
